SNOW STORM MARS APRIL.

Sunday a Typical Winter Day With Snow Falling For Hours.

In spite of the fact that the groundhog's extension to winter officially expired March 17, the 24th of April was a typical winter day that came as the climax of a week of very unsettled weather. It began snowing the night before but it was a little too cold for more than a few flying flakes, but Sunday morning by day light the snow began to fall in earnest and kept falling with but few intermissions all day. Most of it melted as it fell, but in places it piled up an inch deep and hung upon the leaves of the trees, now almost fully covered with foliage. The snowball bushes in some yards are in full bloom and the curious sight was presented of snowballs weighed down with sure enough snow.

Sunday night there was another fall of snow and by Monday morning the ground was covered to a depth of about four inches. Trees were so heavily laden that many limbs gave way under the weight and were broken off.

Many gardens were far advanced, but nearly everybody covered up the early vegetables in some way to save them. There was no frost, but it remains to be seen what effect snow will have on the fruit and garden. Apprehension is felt for the safety of the wheat crop, which is ready to joint.

The weather here is due to general storms in the North-west which is thus summed up in a dispatch from Chicago sent out

Saturday night:

"Property loss amounting into the millions, peril to many lives on sea and land, interruption to traffic, a damper on general business and widespread trouble of one sort or another followed in the wake of the blizzard which swept over the Northwest last night and raged on today.

The fruit belts of Northern Indiana, Western Michigan, Illinois, Iowa, Missouri, Minnesota and Wisconsin have been devastated by the eastward moving storm, and fears are expressed that peaches, grapes and other fruit ordinarily plentiful and comparatively cheap in warm weather will suffer big boosts in prices and be beyond the reach of the poor.

Lake Michigan experienced one of the wildest of its wild nights. Crafts big and little were tossed about by the furious waves like toys.

To make matters worse, the bad spell is expected to last until next week.

"This storm in itself is really no record breaker," said Forecaster Cox, "but, coming as it does after such an abnormally warm March, it comes as a surprise."

"After this storm area has passed there will doubtless be no more cold weather."

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of indigestion, cramps and bruises. Sold by All Dealers.

Taz Miller, John A. Jones, John W. Skinner, W. B. Stone, E. B. Irvan, K. Robertson, C. A. Hood, and others attended a meeting of the Paducah Masonic lodge Wednesday night. (Grand Master John H. Cowles, was present at the meeting and addressed the lodge.

LITTLE ROCK IS SELECTED.

Next Reunion Will Be Held In Metropolis of State of Arkansas.

Mobile, April 27.—Gen. G. W. Gordon, of Memphis, commander of the department of Tennessee, was chosen commander in chief of the United Confederate veterans to succeed General Clement A. Evans today, and Gen. Bennett Young, of Louisville, was chosen to succeed General Gordon.

Little Rock, Ark., was selected as the place of the next meeting. The convention was late in coming to order because of the delay of committees in reporting. A Lt. Gen. William E. Mickle made his annual report, which showed thirty new camps had been chartered during the year and ten old camps were re-instated. The general seemed ready to read the report but two bands were "dixie" so he gave it up and distributed printed copies.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than eczema. L. W. Harriman, Burlington, Me., got in the army and suffered with, for years. "But Buckle's Arnica Salve cured me when all else failed," he writes, "great relief for sores, ulcers, boils, burns, cuts, wounds, bruises and piles. See at Hale & Stubbs 14.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, nothing but healing. Sold by All Dealers.

CAPT. STONE MENTIONED.

May Enter Race as a Candidate for Agricultural Commissioner.

A special from Eddyville says: The friends of Capt. W. J. Stone, of Kuttawa, Lyon county, are soliciting him to enter the race for Commission of Agriculture before the State Democratic Convention next year. He represented the First district in Congress for ten years, and in the 1899 convention was a strong contender for the nomination for Governor. He served in the Confederate army at Cynthia, Ky., lost a leg. He is now president of the Dark Tobacco Protective Association, having been one of the association's most energetic supporters. While he has not expressed his willingness to again be a candidate for office he is considering the matter.

PUBLIC SCHOOL WILL CLOSE NEXT WEEK.

The regular term of the Murray school will close next week with appropriate exercises at the school building Friday afternoon.

The class of 1910 is composed of Barney Langston, D. A. Williams, Ditz Cook and Miss Ruth Houston.

The closing term has been one of the most successful in the history of the school and much credit is due Prof. Faughender for the success attained. He is one of the most competent instructors ever in charge of the school here, and while a little disorder found its way into the management of the school it was never of a nature to detract from the splendid success of the term just closing.

Thompson-Farley Wedding.

A pretty home wedding was that of Miss Rosa Virgie Thompson and Mr. John Calhoun Farley, Jr., last evening at 7 o'clock at the residence of the brides parents, Mr. and Mrs. William Bruce Gibson, 911 Jackson street. The Rev. M. E. Dodd, of the first Baptist church performed the ceremony. Miss Nell Thompson played the wedding music. An informal reception followed the ceremony.

The couple will go at once to housekeeping at their home on Clements street.

Out-of-town guests present for the ceremony were Mr. O. T. Hale and niece, Miss Ruth Humphreys, of Murray.—Paducah Sun.

GUESS WHO.

WELL KNOWN YOUNG
MATRON SUCCEUMS.

Mrs. Bernie Wilson died at her home in this city Tuesday morning after a short illness of septic poison following childbirth. She had been quite ill for several days when pneumonia developed Monday and her death resulted within a few hours. She was about 25 years of age and was a daughter of F. P. Eaker and wife of Paris, and was one of the most splendid young women of the county. She was married to Mr. Wilson about six years ago and since which time she has been a resident of Murray. She is survived by her parents, husband and the infant child born about ten days ago. The funeral services were held at the Methodist church Wednesday by Revs. Jefferson and Hamill after which the remains were laid to rest in the Martins Chapel grave yard.

SOME CHANGES MADE AMONG STATE OFFICIALS.

Stanley Milward, of Lexington resigned as a member of the State Board of Control for Charitable Institutions and Gov. Wilson appointed Dr. W. T. Gardner, at present superintendent of the Hopkinsville asylum, as his successor. The appointment takes effect May 1. Mackenzie Todd, private secretary to the Governor, returned and was sworn in as State Inspector, to succeed M. H. Thatcher, recently appointed on the Panama Canal Commission.

MURRAY WINS ON APPEAL.

Court of Appeals Reverses Lower Court in Dr. Crawford Suit.

Frankfort, Ky. April 27.—The appellate court reversed the Calloway circuit court in the case of the city of Murray against C. N. Crawford, and sustains the demurrer to the petition. The appellate sought to enforce the sale to the city of a certain property for an electric light plant.

The decision of the court of appeals in the above case has been anxiously awaited by the entire citizenship of the town of Murray for the past several months, and the verdict of the higher court will be received with satisfaction.

The suit grew out of the failure of the town to purchase the electric light plant of Crawford after a price was made on the property. The city voted a bond issue for the purpose of installing a water and light plant, and pending the sale of the bonds a committee of the city council investigated the Crawford plant and upon which he placed a price. He was informed that the city would take the property if the bonds were sold and the money procured. After repeated efforts the city failed to find a purchaser for the bonds. In the mean time Crawford had separated the mill and lighting plant by removing the mill to a separate location from the lighting plant, and in his suit against the city asked for \$2,200 damages and was awarded a judgement against the city for \$2,500.

The decision of the court of appeals in the above case has been anxiously awaited by the entire citizenship of the town of Murray for the past several months, and the verdict of the higher court will be received with satisfaction.

SUES FOR \$20,000 FOR DEATH OF HUSBAND.

Grows Out of Killing of Alleged Bootlegger by Policeman.

Mayfield, Ky., April 25.—A sensational suit was filed in the Graves county circuit court this morning by Mrs. Nannie Puckett, widow of James Puckett, killed by Policeman John Lewis, several months ago; against the city of Mayfield, John Lewis, and his bondsmen, T. R. Allen, W. M. Jeffries, J. M. Wilson and S. R. Douthitt, asking for \$20,000 damages for the death of her husband.

Puckett had been arrested on a charge of "bootlegging" by Policeman John (Monkey) Lewis one night last July. On the way from the depot to the jail Puckett fought and ran. Lewis fired several times. A block away Puckett dropped. Two bullets had hit him. Another punctured his hat. Before doctors could reach Puckett, where he lay on the sidewalk he was dead.

Lewis claimed that he only fired his pistol to frighten Puckett into stopping and did not intend to hit him. The extra wound and evidence that a third bullet had grazed Puckett was against the policeman.

At the last term of criminal court Policeman Lewis was sentenced to 10 years in the state prison.

The suit brought by Mrs. Puckett promises to result in as hard fought trial, as that of Lewis, in his efforts to secure the steel cell of a prison.

We are informed that E. B. Irvan and the owner of the property adjoining him on the east have let the contract for the construction of concrete walks in front of their residence property on the extreme west end of Institute street. We congratulate these citizens for the enterprise shown and are again reminded that the citizens of the town are still looking toward the city council for the early enactment of an ordinance requiring these improvements throughout the principal residence section of the city. Every energy is being exerted to upbuild the town and we believe it is incumbent upon the present council to give the "boost" impetus by asking for the most essential public improvement of which the city stands in need.

NEW BANK FOR KIRKSEY.

Trigg County Man To Be Cashier of New Financial Institution.

R. N. Williams, of Golden Pond, has just completed the organization of a new bank at Kirksey.

The capital stock of the new bank is \$15,000, divided into shares of \$100 each, and there are forty-three stockholders. Nineteen of the number holding stock to the amount of \$500 each. W. P. Dulaney will be the president; Carl Ross, vice-president, and R. L. Williams, Cashier. The directors are: T. A. James, C. E. Clark, W. P. Dulaney, Eulous Cunningham, N. G. Edwards, Lawson Radford, Alvis Edmunds, Dr. Starks, and Charles Broach. All the directors and officers, except Mr. Williams are citizens of Calloway county. Kirksey has a population of about three hundred people, and is a splendid place for a new bank.

Mr. Williams is one of the finest young men of Trigg county, and having had considerable experience in banking, is sure to make a splendid man for the position to which he has been selected.

He left Tuesday afternoon for Louisville. Mr. Dulaney, the president of the bank, met him at Princeton, and they will buy the fixtures for the bank while away. It is the intention to get the bank in operation by the 15th of May. For the present the new institution will occupy a rented building, but during the summer it is the intention to erect a handsome brick building of their own, with all the conveniences for a modern bank. He'd Like to Know What Kind of Machine to Buy.

"Well, say! Do you know what strikes me this morning?" said Mr. Graytop. "It's the flight of time." "Now there's a flying machine that never gets out of order, never any thing the matter with it at all; never breaks a wing or drops a propeller or gets out of gasoline, just keeps a plug and a plugging and a plugging and a plugging. It's the only real perpetual motion, and it never so much as heats a bearing, though it keeps all the time steadily speeding up." "And do you know that that's a very curious thing about time—its apparent variations of speed? To different people it may seem to have different rates of speed, and to different people, according to their age or to their circumstances, it may have many different rates of speed all at the same time, or it may even seem to have different rates of speed to one person at the same time."

"To me it is galloping fairly galloping, and the sound of its hoofbeats comes to me louder and louder this morning with thoughts of the declining year. Here I've hardly got used to writing 1909 yet, but before I know it I'll have to begin writing 1910. Huh!—I wish I could do something to slow time down. It reminds me of a story."

"Years ago, a good many years, there was a man in New York who advertised a cure for something, I don't remember what, but it was some common ailment of mankind, and this cure he had discovered somewhere off in some faraway country, and now he wanted to communicate this to the world at large for the benefit of his fellowmen, and he advertised it and he used to start off his advertisement like this:

"A retired physician whose sands of life have nearly run out," and then he used to go ahead and tell about how now he wanted to make it known to all, and a man out west who read this advertisement and whose sympathies had evidently been aroused by it for the old physician himself wrote to him to say that if he'd mix molasses with his sands they wouldn't run out."

"I wish I knew just the right sort of molasses to mix with the sands of time."

Women Poets of France. Recent statistics from France show that there are 300 poetesses in that country, as well as 30 women fashion writers, and 1,500 women novelists. There are also 700 feminine writers on educational matters, while 60 women are enrolled on the list of the Society of Dramatic Authors. A woman directs Les Nouveaux, a serial comic paper published in Paris in English. In England women printers are doing excellent work. The suffragettes have all their circulars, pamphlets, official organs and cards printed by a firm of women who run their business on the cooperative system and are making money and a reputation for creditable results at moderate prices.

A woman's club run entirely by women is one of the most successful clubs in London. It has invented its purpose money in making comfortable and cozy homes and a sound financial basis than nine-tenths of the London clubs. It is called the Pioneer, and numbers among its members chiefly woman journalists, authors and artists.

Gave the Bride Away. Rev. Dr. Henry Marsh Warren, who married the bride and groom in haste, once ran across a bride-elect who could not bear the thought of not being given away, says the New York Press. The hour was very late. There were no friends of anybody in the bridal party within reach. But the lady was insistent. Somebody must give her away. About this time the janitor came in sight and she seized upon him. Will you give me away? "She pleaded. "Sign I will," said the lord of the apartment house. Dr. Warren took him aside and coached him carefully. "When I say, 'Who gives this bride away?' you answer, 'I do.' When it came to the ceremony in the ceremony the reply was: "Me, the janitor."

Burglars Made Merry. A pair of justice burglars were captured in London the other day sitting at the kitchen table of the house they had broken into, coolly drinking whisky. At the police court a constable said he heard an unusual noise in the house as he was passing, and on going to the rear of the house he found two pairs of boots and an overcoat on the side wall and discovered that the burglars had been forced open. He obtained the help of other officers, and while they were surrounding the premises he climbed in through the back door, and found the pair of boots coolly drinking whisky. "Any chance?" inquired the magistrate, whereat there was more laughter.

Family Statistics. A little boy whose name had been taken into how apartments went to school one day. He was asked the usual questions in regard to name, age, father's name, etc., all of which he answered correctly. "What is your father's occupation?" asked the teacher. The boy answered: "He takes the family and goes to school."

MURRAY TO HAVE NEW NEWSPAPER.

Under the above caption the Paducah Sun of the 25th inst. contained the following news item as a special from Murray: "The Free Press" will be the name of a new weekly newspaper to be started at Murray within a few weeks by the Melan Brothers Publishing company. John M. Melan, one of the best known newspaper men in the state who will be editor of the publication, will have associated with him Perry Melan, formerly on the editorial staff of the Sun.

The publication, as its name indicates, will be independent in its editorial policies, especially as regards the local differences in Calloway county and will "cry a curse" upon the existing factions which have put a blight upon that good county.

Modern printing machinery including a linotype machine will be installed immediately and the paper will issue about June 1.

If you care to sell, buy, rent or exchange farm lands or city property see West Kentucky Real Estate Exchange. They are in the business and at your service.

Boatwright News.

Health is reasonably good. No deaths or marriages to report.

The green trees loaded with snow Sunday and Monday furnished a beautiful scene. Looked like Christmas had come again.

Henry Elkins gave the young folks a nice musical and social last Saturday night. All report a pleasant time. Ask Maude and Rosa about it.

On account of the bad weather Harris failed to fill his regular appointment at Russell's Chapel.

Our Sunday school is progressing nicely, but we are sure there are others who would be benefited by coming. Let's all come out and take a hand in this good work and it is sure to be a success.

Miss Gussie Boatwright who is attending school at Murray, visited home folks Friday, Saturday and Sunday, accompanied by Miss Ruby Barnett.

M. M. Scott and family visited old friends a few days past. Glad to see them back.

Ernest Jones, who has been in Joplin, Mo., for the past several months, returned home Monday, having just recovered from an attack of measles.

When we want the news we go to the Ledger for it. It is the paper for us. BLUE EVES.

Let us go by the rule laid down by the Agriculturist: "If we are to improve our stock let us select seed, eliminating such seed as tends to degeneracy, rather than improvement. Now, this is a theory and should be applied to horse breeding. Always breed up, never breed below your mare. The old theory that 'like begets like' is certainly about right."

"Now when you breed your mares in Masson & Irvin's stallions or mares you are breeding to the best blood in the state. We are going to give with each colt a certificate showing just what horse sired your colt. We have brought to Calloway county as good blooded stock as you will find in America. We solicit your patronage. Respectfully Mason

Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. You must pay attention to the laws of nature, or suffer the consequences. Undigested material, waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. A sluggish liver is responsible for an immense amount of suffering and serious disease. Ask your doctor about Ayer's Pills. He knows why they act directly on the liver. Trust him.

BRYAN IS ORDAINED A PRESBYTERIAN ELDER.

Lincoln, Neb., April 25.—Yesterday in the Westminster Presbyterian church, midway between Lincoln and Fairview, W. J. Bryan was formally ordained and installed an elder of that denomination. The ordination was conducted by Rev. H. B. Comin, the pastor. The installation and the acceptance address of Mr. Bryan occupied the entire service. Mr. Bryan was elected an elder in March, but today was the first opportunity for his ordination. Mr. Bryan also was elected a delegate at large to the Presbyterian ecumenical council to be held at Edinburgh, Scotland, in June.

A Letter from Texas.

Detroit, Tex., April 18, 1910. Editor Eedger: Will write you another short letter.

Crops in this country are growing fine and in good shape. Corn is ready for the second planting as the first planting is cotton, nearly all planted. Garden are as fine as I ever seen. Fruit is half crop; oat half knee high. The potato crop is fine, there will be a large crop of sweet potatoes set. Stock of all kinds is very high.

Dallas was visited by a very destructive hail storm Monday, damage \$200,000. It hailed for one and a half hours. All Texas had big rains lately.

Land is advancing all the time, especially sandy soil. It is all the way from \$5 to \$25 per acre. Lots of timbered land for sale. People that were raised here will not clear land. It is worth the land to open it, yet it is not half so hard to open as our Kentucky land. This is a good country for a poor man. I would not advise those that are well fixed to break up and come here yet. Men who rent could soon own a home here if they worked here like they do in Kentucky. The land here grows a crop very quickly and you have to get up and hustle if you beat the burrs and morning glory for they jump an inch every time it thunders.

Texas is going to have a hot time in July over the election of a governor. It is waxing hot now. The republican party here gets no office unless sent to them by Uncle Sam.

It snowed in Amarillo Friday, the 15th, and was not in East Texas, yet they are over 700 miles apart. Mr. Ayers, superintendent of the Texas & Pacific railroad, says it is just 75 miles farther to Chicago from Texarkana than it is to Amarillo.

Well, Mr. Langston, send me a part of the hide when you get done skinning. Don't need any meat.

Well, I see in the papers that tobacco is being sold for a good price. I am glad to see the farmers getting paid for their labor.

Hoping that old Calloway will make a good crop and redeem some of the lost causes and all friends of ours prosper in connection with the Ledger. I am, as ever, J. T. PHILLIPS.

ARRANGEMENTS MADE FOR NEXT COUNTY RE-UNION.

The Confederate veterans of Calloway county will hold their regular county re-union the first Saturday in October, and have selected the grounds just west of the city limits of Murray as the place. At a meeting of the local camp last week these arrangements were perfected and a committee on finance composed of Dr. E. B. Curd, J. T. Myers, Tim Roark, R. C. Copeland and Polk bloody, and a committee on arrangement composed of W. R. Broach, Jas. Neal, W. Ballance and W. N. Wilson, were appointed. This annual gathering is one of the delightful affairs of the county and is always largely attended.

Calloway County Fair Association

A mass meeting of Calloway county is called for Saturday, April 30, at 1:30 o'clock in the court house at Murray, Ky., for the purpose of hearing the expression of the people regarding the organization of a fair association of Calloway county. It is sincerely hoped that the good people will turn out in large numbers and attend this meeting. The proposition is one that should interest every progressive citizen of the county, as nothing of a local nature is a greater incentive toward the upbuilding and advancement of the county than that of a good county fair. It means better stock, poultry, farm products, etc., and an annual coming together of all the people in a friendly contest for superiority in the production of that which enriches the county. Calloway county should have a fair and is amply able to support and maintain one that will be a credit to the people. It is going to be a meeting for both ladies and gentlemen. Discuss the matter with your neighbor and whether you intend to become a shareholder or not lend your assistance to the undertaking by being present. Speakers who have had experience with fairs and have made them a success will be here to talk to the folks about the matter and otherwise lend their assistance in the organization.

Come and let's talk the matter over.

Work mares 9 or 10 year old blood bay 15 hands high, perfectly sound, price \$100. Also one 16 hand grey horse, splendid wagon horse, about same age, as mare, price \$125. A bargain, see S. BROWN.

Here is what the memorials papers had to say in regard to Paragon, Jr., winning at the Tri-State Fair: "Yesterday was Jack and mule day at the Fair ground. The classes were all well filled and of exceptionally high quality for jacks 4 years old and over. Paragon, Jr., a Tennessee bred jack, was easy winner. This young jack was an unusually fine animal and deserved the prize. He bids fair to make his mark as a great breeder, having all the qualities and makeup for a good breeder. His owner refused a handsome price for him after the awards were made." This shows that this jack is all we claim for him and more. MASON & IRVAN.

Farmers' Fertilizer Notice.

Dear Friend: I have been proved to be the best. I say the farmers that have used it. The price is \$1.00.

The use of high grade goods is always recommended because it is more profitable for the farmer. In the Michigan State Bulletin on Fertilizers, published August 1, 1909, No. 102, a table is printed showing comparative cost per pound of plant food in low and high grade fertilizers, as follows: Cost of one pound of Nitrogen

The ratio applies to the comparative cost of the other essential elements, to wit, Phosphoric Acid and Potash.

Indiana State Bulletin No. 121 quote as follows:

"Fertilizers should be purchased on the basis of price per unit of plant food desired, and almost invariably this can be obtained more cheaply in high grade than in low grade goods."

There is no question whatever but that in selecting a fertilizer it is even more important to consider the agricultural value, which is a matter quite distinct from the commercial value given it by chemist. Our fertilizers, which are scientifically formulated and carefully and perfectly prepared by experts from high grade materials, are more available, quicker acting, and will push the crop to maturity faster and more surely than other makes of fertilizers which are in a large measure nothing more than a mixture of crude or raw materials. Such fertilizers, usually made from inferior materials, may at times test up to guaranteed analyses, but they do not produce as large crops of as good quality as fertilizers made in our factories, where merit alone is the first consideration.

The American Agricultural Chemical Co., Detroit, Michigan, is the manufacturer of the best fertilizer in the world. Surplus in Purdon's warehouse. See the clerk of the Farmers' Union Produce House at Clayton factory, he will wait on you.

Ask to see the Tabulated pedigree of Favorite Cook when at our stables. This great breeder is undoubtedly one of the highest bred trotters in the state, having in him the same bloods as Onward 210, Capt. Cook 8083, Onward Silver 2455, Electioneer who was 129 in the list, Egotist and a number of other good sires, which stamps him as the best. His season will only be \$15.00 to insure.

THIS IS CERTAIN

The Proof That Murray Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time. Thousands of people testify that Doan's Kidney Pills cure permanently. Grateful endorsements should prove undoubted the merits of this remedy. A year ago people right in this locality testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say that time has completed the test.

John W. Summerville, W. King, Broadway, Mayfield, Ky., says: "smoothest hared jack that you ever looked at, well turned, large, in fact almost perfect, were sharp, piercing pains in my loins. A kidney weakness also existed, the kidney secretions being irregular and painful in passing and otherwise unnatural. I ever brought to West Kentucky.

Pills advertised as a specific for such troubles and I accordingly procured a box. In a short time after I began their use, the pain in my back disappeared and difficulty with the kidney secretions was corrected." (Statement given in 1903.)

CURED TO STAY CURED.

On May 13th, 1907, Mr. Summerville said: "I am glad this time to confirm my previous statement, regarding Doan's Kidney Pills. The cure they brought about in my case five years ago has been permanent."
